SuperCorrExpo Booth #855

rings, corrugator and floor slitter-scissors, glue tab cutting systems and components, slotter heads, slit-score and perforating heads and knives, folding rods, yokes, and custom solutions.

Serviform
Booth 974

The company designs, manufactures and distributes technological solutions for die makers, diecutters and box plants. The machines blend productivity with sustainability. Visit the booth to see the Serviform Rotanext.

Signode Packaging Systems
Booth 2531

The manufacturer of protective packaging systems offers the GCU SmartFlex compression strapping machine featuring data collection

software and the GPX-6520 bundler. A direct sales and service organization assures reliable support.

Sioux Rubber and Urethane
Booth 1376

Specializing in impact and abrasion resistant products for over 30 years, in 2015 the company introduced its new HawkPad. The combination of custom blended urethane bonded to specialty multi-layered plywood is suitable for any diecutter.

Solema USA
Booth 2501

Solema Italy designs and builds machines to cut, diecut, score and perforate paperboard; machines to assemble partitions; and special machines to assemble and glue partitions directly inside boxes. Machines include Gandria, Super-Combi, Sol-Combi, Multi RollCut, Andax, Moser, and Casiermatic.

Southern States Packaging Co.
Booth 1471

The independent full-service paperboard converter provides an extensive line of coated roll stock including functional, decorative, poly barriers, and wax replacement coatings. These products

can be combined with laminated roll stock or wax impregnation.

Stafford Cutting Dies, Inc.
Booth 2514

Offering flat and rotary cutting dies, the company's tooling performs with fast setups, tight tolerances, enhanced stripping with TopMatrix, long life with less maintenance, and reduced trim with TrimSaver. Stafford also offers a Cutting Die Repair Cart, equipping converters with the tools needed for repairs at the press.

Stickle Steam Specialties Co., Inc.
Booth 1675

Specializing in steam engineering and installations since 1907, the current leadership team of fourth and fifth generation Stickle has been trusted to complete over 1600 projects. The company sets industry standards for efficiency, dependability and cutting edge technology.

Stitching and Gluing Solutions
Booth 1067

The company offers equipment from The Vega Group, Gazzella Atlantique (formerly Sodeme) and BrianPack International to the U.S. and Canada, including OEM parts, service and

We solve the puzzle for you.
